

How to update the lab info on this wiki

Details about Hosted Community OPNFV Test Labs are located in 3 different places:

- Summarized on the OPNFV wiki [[start#opnfv_community_labs|Start Page]]
- Overview with additional details on the [[pharos#opnfv_test_labs|Pharos Test Bed Governance Project Page]]
- With Project specific information on each project page

How to update the Start Page

- Clone the Pharos Git repository and make the changes:
git clone ssh://<lfid>@gerrit.opnfv.org:29418/pharos
vi docs/pharos.rst # use the below guide for MAP
git add docs/pharos.rst
git commit --signoff # use the proper commit message & include JIRA id
git review -v # go to gerrit web and add reviewers, wait to have it merged # after code gets merged
<http://artifacts.opnfv.org/pharos/docs/pharos.html> will contain your change
edit Wiki page <https://wiki.opnfv.org/pharos> and look for
{{scrape><http://artifacts.opnfv.org/pharos/docs/pharos.html>}} # click "Preview" and see if your change
is shown; if shown add a short "Edit summary" and click "Save" # This must be done as Wiki does not
auto update content for now
- You will see a section of code as shown below. Add your page to the bullet list with wiki link, nice
name, and location summary

How to update the map info on the Pharos Project Page

- Login and edit the OPNFV wiki [[pharos#opnfv_test_labs|Pharos Project Page]]
- You will see a section of code as shown below. Add your page to the list with a comma
separated list as follows: * longitude * latitude * .8 <- for size * marker color png
([[marker-green.png|marker-green.png]], [[marker-blue.png|marker-blue.png]],
[[marker-red.png|marker-red.png]], [[marker-gold.png|marker-gold.png]]) * Nice Format Lab
Name * ";" * Location Summary * "\" <- for a new line * external link: <- optional

MAP:

```
<olmap id="olMapOne" width="800px" height="200px" lat="45.0" lon="0.0" zoom="3" statusbar="1" toolbar="1" controls="1" poihoverstyle="0" baselayer="OpenStreetMap" gpxfile="" kmlfile="">
